To whom it may concern;

Re: Proposed Cannabis Store at 51296 Yale Road, Rosedale, BC

I write to support the proposed Cannabis Store in Rosedale, BC.

I believe the community could benefit by having a local dispensary for the older population who don't travel well, as well as various other reasons in which new businesses bring to small communities.

Rosedale's nearest dispensaries are either near Hope, BC off of Highway 7 or in the city of Chilliwack. In these modern times, these dispensaries are becoming more of a staple in various communities so as to help the local people to not have to travel as far for their necessities.

Kind regards,
