RE: 7442 ALLISON PLACE

To whom it may concern,

Sharon Holburn has been residing at 7442 Allison Place since February, 2022. Rent has always been paid in full and on-time.

This home is inspected every quarter. All occupants keep the house in immaculate shape. In the event there are any repairs needed, they are reported to HomeLife immediately. Contractors are always welcome to enter the home to conduct any and all repairs that are needed, without delay.

Sharon, her employees and the boys that are cared for are always welcoming and inviting. I frequent the neighborhood often and have never seen any children running around without supervision, they generally stay around the house and don't venture farther than the neighboring homes.

Please give me a call at _____ if you have any questions.

Thank you,

Victoria Flack
