STAFF REPORT ON

RFP - Multi Use Game Area (MUGA)

PREPARED BY:	Richard Fortin	DATE.	August 15, 2023
POSITION [.]	Parks Planning Manager	DEPARTMENT.	Operations-Public Works and Parks

1. BACKGROUND:

The City of Chilliwack has observed an increase in popularity of the recently installed Multi Use Game Area (MUGA) facilities. In response to the increasing demand, City staff have identified the necessity for the development and installation of a third (3) facility, with an option to develop a fourth (4) facility in 2024. The new facility will be installed in Jinkerson Park and will resemble the existing ones, providing a fully enclosed multi-use game area on an asphalt surface. The objective is to enhance recreational opportunities for area residents and visitors alike

The City of Chilliwack released an RFP seeking a turnkey solution for the design and construction of the new facility. The design specified is to be aesthetically appealing, harmonizing with the existing facilities while ensuring optimal functionality. The design requirements also specified a well-constructed asphalt pad, accommodating all proposed games and activities. To minimize maintenance requirements and prolong the service life of the facility, all construction activities and materials used are to meet industry standards.

The proposed development of an additional Multi Use Game Area reflects the City of Chilliwack's commitment to promoting active lifestyles and community engagement

2. FACTORS:
