

AGENDA ITEM NO:

7.1

MEETING DATE:

March 19, 2024

**STAFF REPORT – COVER SHEET**

SUBJECT: Solid Waste Management Bylaw Update DATE: February 29, 2024

DEPARTMENT: Engineering PREPARED BY: T. Friesen

---

**1. SUMMARY OF ISSUE:**

“Solid Waste Management Bylaw 2019, No. 4660” requires inflationary adjustments to solid waste management fees, and other minor revisions to add clarity to Bylaw requirements. An amendment to “Solid Waste Management Bylaw 2019, No. 4660” is proposed, as attached.

**2. RECOMMENDATION:**

Recommendation that “Solid Waste Management Bylaw Amendment Bylaw 2024, No. 5386” be given first and second reading.

Recommendation that “Solid Waste Management Bylaw Amendment Bylaw 2024, No. 5386” be given third reading.

  
K. Jefford, Director of Engineering

**3. FINANCE COMMENTS:**

The solid waste function serves as a self-sustaining, cost recovery service, funded through direct user fees with no property taxation subsidy. The recommended fee adjustments, as contained within the proposed bylaw, ensure service viability.

  
Glen Savard, Director of Finance

**4. CHIEF ADMINISTRATIVE OFFICER'S RECOMMENDATION/COMMENTS:**

Supports recommendation.

  
David Blain, CAO

**STAFF REPORT ON  
SOLID WASTE MANAGEMENT BYLAW UPDATE**

PREPARED BY:	<u>Sydney Hartley</u>	DATE:	<u>February 29, 2024</u>
POSITION:	<u>Environmental Services Specialist</u>	DEPARTMENT:	<u>Engineering</u>

---

**1. DEFINITION OF ISSUE:**

“Solid Waste Management Bylaw 2019, No. 4660” requires inflationary adjustments to solid waste management fees, and other minor revisions to add clarity to Bylaw requirements. An amendment to “Solid Waste Management Bylaw 2019, No. 4660” is proposed, as attached.

**2. FACTORS:**

2.1 The proposed changes to the Solid Waste Management Bylaw address the following:

- a. Clarification that the waste storage and curbside placement requirements for areas with wildlife issues apply to all properties in the designated areas, not just those on the City’s curbside collection program.
- b. Clarification that materials to be collected in the City’s curbside collection program are restricted to materials generated through residential use at the property.
- c. Inflationary increases to solid waste management program fees.

**Requirements in Areas with Wildlife Issues**

2.2 Residential neighborhoods, particularly in the City’s hillside areas, can experience conflict with bears and other wildlife. Despite the Solid Waste Management Bylaw amendments made in 2020 and 2023 prescribing times for residents to set out curbside materials in designated areas with wildlife issues, City staff continue to receive reports of bears accessing waste materials and many residents are concerned for their safety, as well as that of the bears.

2.3 At present, only residents on the City’s curbside collection program need to abide by the waste set-out timing restrictions. The proposed change to the Solid Waste Management Bylaw includes requiring all residential, industrial, commercial and institutional properties within the designated wildlife areas to follow the same waste set-out timing and storage requirements.

2.4 The proposed revisions to the Solid Waste Management Bylaw also allow the Director of Engineering to require the same waste set-out and storage requirements for other areas where wildlife issues arise, in addition to the areas designated in the Bylaw.

- 2.5 The affected properties who are not on the City’s curbside collection program will be notified through letters and social media. Properties not in compliance starting May, 1 2024 would receive an initial warning and would be subject to a \$200 fine per subsequent occurrence.

**Solid Waste Management Program Fees**

- 2.6 Inflationary adjustments of approximately 2 – 9% depending on the type of material to be disposed are proposed to the Bailey Sanitary Landfill disposal fees, which will come into effect on July 1, 2024 as the major haulers have previously requested two months’ notice on fee changes. The minimum charge fee will increase to \$7.50 from \$5.00 per load. The new minimum charge fee is still below average for other disposal options in the Fraser Valley. Operating and infrastructure costs are increasing, and the landfill revenues also fund other solid waste programs. The increased fees will still be competitive with fees charged at other disposal sites.
- 2.7 Inflationary adjustments of approximately 13% for clean wood and yard waste and materials containing invasive plants requiring special handling are proposed to the Parr Road Green Depot fees. An increase of 25% is proposed for clean soil and sod. The minimum charge fee will increase to \$7.50 from \$5.00 per load. The larger increases are proposed since the operation of the Parr Road Green Depot is not fully covered by the tipping fees, and the site is subsidized through Bailey Landfill revenues. Staff are reviewing other options to reduce costs at the Green Depot. The new fees are still similar to other disposal options in the Fraser Valley. The disposal fee changes for the Parr Road Green Depot will come into effect on July 1, 2024.
- 2.8 The proposed changes to the curbside collection fees reflect an annual inflationary adjustment of 7.32%, which aligns with the 2024 tax increase. The curbside rates are typically adjusted each May, and the new fees will come into effect on May 1, 2024.
- 2.9 City staff perform a comprehensive review of all solid waste programming costs and revenues on an annual basis, or more frequently if circumstances require. Rates are established to ensure that all programs and capital projects are adequately funded through user fees.

**3. RECOMMENDATION & SUBSTANTIATION:**

Recommendation:

Recommendation that “Solid Waste Management Bylaw Amendment Bylaw 2024, No. 5386” be given first and second reading.

Recommendation that “Solid Waste Management Bylaw Amendment Bylaw 2024, No. 5386” be given third reading.

Substantiation:

The proposed updates to the Solid Waste Management Bylaw provide clarity to Bylaw requirements and ensure solid waste facilities and programs are economically sustainable.

## ESTABLISHMENT OF SERVICE

4. The City establishes the service of collection and disposal or processing of Garbage, Recyclables and Compostable Waste.
5. The solid waste management service established by the City of Chilliwack includes:
  - (1) curbside collection of Garbage, Mixed Recyclables, Glass Packaging and Compostable Waste, subject to the terms of this Bylaw;
  - (2) collection of Garbage, Mixed Recyclables, Glass Packaging and/or Compostable Waste at all Municipal Sites;
  - (3) collection of Garbage, Mixed Recyclables and Glass Packaging in municipal street-side containers;
  - (4) management of the Bailey Sanitary Landfill including the Compostable Waste Transfer Station;
  - (5) management of the Green Depot; and,
  - (6) provision of Recycling Depots.

## PROHIBITIONS

6. No Owner or Occupier of real property shall cause, allow or permit any Garbage, Recyclables, Compostable Waste, refuse or other noxious, offensive, unwholesome or discarded matter to collect, accumulate or remain on the real property, unless it is securely contained in a waste Container or receptacle equipped with a close-fitting lid or cover.
7. No Owner or Occupier of real property in areas with Wildlife issues as indicated in Schedule “G”, and any other properties specified by the Director and notified in writing, shall cause, allow, or permit any Garbage, Recyclables, Compostable Waste or associated Containers to be stored, deposited, or placed on their premises in such a manner that it is accessible to Wildlife, and shall not place any Garbage, Recyclables, or Compostable Waste at the curb for collection between the hours of 10:00pm and 5:00am.
8. No Owner or Occupier of real property shall cause, allow or permit any carcass in whole or part, offal or viscera to remain, accumulate or collect on real property.
9. No person shall deliver, place, bury or dump, or cause or allow to be delivered, placed, buried or dumped, any Garbage, Compostable Waste, Recyclables, refuse or other noxious, offensive, unwholesome or discarded matter anywhere in the City other than at a Waste Disposal Site, Recycling Depot or Privately-Owned or Operated Depot.
10. No person shall transport any Garbage, Compostable Waste, Recyclables, refuse or other noxious, offensive, unwholesome or discarded matter without securing the materials in a manner which will ensure that all of the materials will reach the designated Waste Disposal Site, Recycling Depot or Privately-Owned or Operated Depot. All materials transported shall be secured in a closed container or by a tarping method.
11. No person shall deliver, place or dump or cause or allow to be delivered, placed or

**COLLECTION SERVICE** (continued)

29. The Collection Service shall serve Owners or Occupiers of:
- (1) Single Family Dwellings and associated Accessory Dwelling Units, and Duplexes; and,
  - (2) Multi-family Dwelling complexes that have approved applications for service and associated Accessory Dwelling Units.
30. The Collection Service for each Single Family Dwelling, associated Accessory Dwelling Unit, or Dwelling Unit within a Duplex comprises collection of the following materials generated through residential use from that property:
- (1) two Containers of Garbage Bi-weekly with a maximum volume of 121 litres and weighing no more than 25 kilograms;
  - (2) one Green Cart of Compostable Waste weekly with a maximum volume of either 80 litres (maximum weight of 50 kilograms), 120 litres (maximum weight of 55 kilograms), 240 litres (maximum weight of 100 kilograms) or 360 litres (maximum weight of 150 kilograms);
  - (3) ten Kraft Bags of Yard Waste and/or bundles of branches weekly with each Kraft Bag or bundle having a maximum weight of 15 kilograms. Bundles must be no more than 1.25 metres in length with a diameter of no more than 600 millimetres;
  - (4) unlimited amounts of Mixed Recyclables weekly. Each Container of Mixed Recyclables or bag of shredded paper shall not exceed 121 litres or 25 kilograms; and
  - (5) unlimited amounts of Glass Packaging Bi-weekly, which must be placed in 27 litre Grey Bins that shall not exceed 25 kilograms each.
31. Multi-family Dwelling Units and associated Accessory Dwelling Units in complexes, which have been approved for the Collection Service, shall be serviced in accordance with the same Container size and weight restriction as the service level for each Single Family Dwelling or Duplex.
32. Owners or Occupiers of Multi-Family Dwelling complexes, commercial buildings, institutions, industrial sites and any buildings other than Single Family Dwellings and Duplexes shall make their own arrangements for the removal and disposal of Garbage, Recyclables, and Compostable Waste, except for Multi-Family Dwelling complexes that have approved applications for service under this Bylaw.
33. Owners or strata councils of all Multi-Family Dwelling complexes that are not served by the Collection Service shall contract with a Private Hauler, licensed in Chilliwack, for recycling, Garbage and Compostable Waste collection services. Recyclables to be collected shall, at a minimum, include those defined in this Bylaw as Mixed Recyclables. Compostable Waste to be collected shall, at a minimum, include those defined in this Bylaw as Food Waste and Food-Soiled Paper. Contracts must be provided to the City for verification upon request.

### COLLECTION PROCEDURES (continued)

57. Subsequent to Section 56, a shorter timeframe for the placement of Garbage, Mixed Recycling, Glass Packaging and Compostable Waste at the curb applies to the areas with Wildlife issues indicated in Schedule “G” and any other properties specified by the Director and notified in writing. In these cases, every Owner or Occupier on streets in the designated Wildlife areas, or whom have been notified in writing, shall place all Garbage, Mixed Recyclables, Glass Packaging and Compostable Waste which an Owner or Occupier chooses to have collected and disposed of by the City under this Bylaw at curbside for collection not earlier than 5:00 am on the designated Collection Day unless otherwise notified in writing. All Containers shall be removed from the curb by 10:00 pm of the Collection Day and stored in accordance with Section 7.
58. Every Owner or Occupier must place all Garbage, Mixed Recyclables, Glass Packaging and Compostable Waste in full view of and within two metres of the street serving the premises and access to the Containers shall not be obstructed by parked vehicles. The Director may designate lane pick-up or another location where the Director considers this appropriate.
59. Every Owner or Occupier of premises shall clean up any Garbage, Mixed Recyclables, Glass Packaging or Compostable Waste which escape onto neighbouring properties, the highway, street, lane or public way from their waste put out for collection by end of the Collection Day.

### CONTAINERS

60. The City’s Collection Service provider will loan every Owner of a property on the Collection Service a Green Cart to use for Compostable Waste.
61. The standard Green Cart size is 120 litres. Other Green Cart sizes available are 80 litres, 240 litres and 360 litres. Collection service for additional Green Carts may be purchased, and the collection charges for additional Green Carts will remain in effect for a minimum of one year.
62. Once in every two-year period, the Owner of a property on the Collection Service may change the size of the Green Cart without incurring a Green Cart exchange fee. If more than one size exchange is requested in the two-year period, the Green Cart exchange fee will be applied. The first two-year period shall commence on May 1, 2017 and end on April 30, 2019. Residents also receive a free Green Cart size exchange upon moving to a new residence.
63. The Owner of the property is responsible for the cleaning, care and safe-keeping of the Green Cart and shall at all times securely store the Green Cart on the property, except when the Green Cart is placed at the curb for collection as per Section 56 or 57.
64. Green Carts shall remain the property of the City’s Collection Service provider and shall remain on the parcel to which they were issued and the City or the Collection Service provider shall have the right to inspect, alter, remove and replace the Green Carts from time to time.

**Bylaw No. 5386**

**A bylaw to amend the “Solid Waste Management Bylaw 2019, No. 4660”**

---

The Council of the City of Chilliwack in open meeting assembled, enacts as follows:

1. This bylaw may be cited as **“Solid Waste Management Bylaw Amendment Bylaw 2024, No. 5386”**.
2. “Solid Waste Management Bylaw 2019, No. 4660” is hereby amended by deleting Section 7 PROHIBITIONS in its entirety, and substituting with a new Section 7, as follows:
  - “7. No Owner or Occupier of real property in areas with Wildlife issues as indicated in Schedule “G”, and any other properties specified by the Director and notified in writing, shall cause, allow, or permit any Garbage, Recyclables, Compostable Waste or associated Containers to be stored, deposited, or placed on their premises in such a manner that it is accessible to Wildlife, and shall not place any Garbage, Recyclables, or Compostable Waste at the curb for collection between the hours of 10:00 pm and 5:00 am.”
3. Said Bylaw is hereby further amended in Section 30 COLLECTION SERVICE, by deleting the word “from” and substituting with the words “through residential use at” after the words “materials generated” and before the words “that property”.
4. Said Bylaw is hereby further amended by deleting Section 57 COLLECTION PROCEDURES in its entirety, and substituting with a new Section 57, as follows:
  - “57. Subsequent to Section 56, a shorter timeframe for the placement of Garbage, Mixed Recycling, Glass Packaging and Compostable Waste at the curb applies to the areas with Wildlife issues indicated in Schedule “G” and any other properties specified by the Director and notified in writing. In these cases, every Owner or Occupier on streets in the designated Wildlife areas, or whom have been notified in writing, shall place all Garbage, Mixed Recyclables, Glass Packaging and Compostable Waste which an Owner or Occupier chooses to have collected and disposed of at curbside for collection not earlier than 5:00 am on the designated Collection Day unless otherwise notified in writing. All Containers shall be removed from the curb by 10:00 pm of the Collection Day and stored in accordance with Section 7.”
5. Said Bylaw is hereby further amended by deleting Schedules E, F, and G in their entirety, and substituting with new Schedules E, F, and G, as attached.
